

**MOON
RABBIT**

OUR STORY

TRAINING FOR THE FUTURE

Moon Rabbit trains young people with additional learning needs in customer service, food prep and coffee making through the Tiered Training & Transition program (TTT) at the Bridge. In our first year we trained 26 students! We thank you for your patience as our trainees learn their craft.

CARING FOR THE ENVIRONMENT

You won't find any disposable takeaway cups, plastic takeaway containers, plastic drink bottles or plastic drinking straws here. BYO mug, borrow a pre-loved mug or glass jar from our collection, or purchase a Moon Rabbit reusable cup. In our first year of trading we prevented more than 10,000 disposable coffee cups from ending up in landfill! Visit www.moonrabbit.org.au to learn more about our environmental initiatives.

CARING FOR THE COMMUNITY

The Bridge is a not-for-profit community organisation in Preston and Thornbury that provides social, educational and support programs to meet community needs. Our services include adult education, child care, community programs, venue hire, Moon Rabbit café and Makers Market Thornbury. All profits from Moon Rabbit support community programs at the Bridge.
